IMPORTANT INFORMATION REGARDING THIS BULLETIN

Due to budget constraints no paper copies of this bulletin will be printed or mailed. This bulletin is only available on the Internet at the DMS website, www.dss.state.mo.us/dms. This bulletin will be posted at this location and will remain until it is incorporated into the provider manuals as appropriate. At that time, the bulletin will be deleted from this site.

MC+ MANAGED CARE

The information contained in this bulletin applies to coverage by the MC+ Fee for Service and Medicaid Fee for Service programs. The MC+ Fee for Service and Medicaid Fee for Service programs also provide coverage for those services carved out of the MC+ Managed Care benefit for MC+ Managed Care enrollees. Questions regarding services included in the MC+ Managed Care benefit should be directed to the enrollee's MC+ Managed Care health plan. Please check the patient's eligibility status prior to delivering a service.

ICD-9-CM DIAGNOSIS CODE CHANGES

Effective October 1, 2002, Missouri Medicaid began accepting the 2003 ICD-9-CM codes. Providers may use the 2002 or 2003 ICD-9-CM coding system until March 1, 2003. For claims received on or after March 1, 2003, providers must use the 2003 ICD-9-CM coding system.

VACCINE FOR CHILDREN (VFC) ADMINISTRATION CODES

Missouri Medicaid will replace the "YG" modifier on VFC administration codes with modifier "SL" which means state supplied. Effective for dates of service beginning March 1, 2003, Missouri Medicaid VFC providers must bill the appropriate *Current Procedural Terminology* (CPT) vaccination code with the SL (state supplied) modifier.

Missouri Medicaid reimburses an administration fee of \$5.00 per component to enrolled VFC providers to administer the state supplied vaccine to a Medicaid recipient, except to those providers enrolled as Rural Health Clinics (RHCs) or Federally-Qualified Health Centers (FQHCs).

Procedure codes are billable using Types of Service (TOS) 1 or 3. Note: TOS 3 (Nurse Midwife) must follow age limitations as defined in their scope of practice.

Listed below are the valid VFC administration codes:

Procedure Code	Maximum Allowable Amount
82787	\$4.81
82962	\$3.23
87086	\$9.66
87181	\$1.93
88400	\$3.47

MODIFICATIONS TO TYPES OF SERVICE

The Division of Medical Services (DMS) has reviewed and compared the TOS used to bill Missouri Medicaid to the professional and technical indicator descriptions used by Medicare. Based on the review, the TOS for certain CPT codes are being revised. The procedure codes will remain covered services but must be billed with the TOS shown on Attachment A for dates of service on or after March 1, 2003.

LABORATORY FEE CHANGES

Effective March 1, 2003, the following laboratory procedure codes (TOS I) will be reimbursed at the rate listed below. Missouri Medicaid is restricted by federal law from reimbursing more than Medicare for clinical diagnostic laboratory tests.

PROCEDURE CODES 86999 AND 88399

The pricing indicator for TOS I for procedure codes 86999 and 88399 will be changed from system pricing to manual pricing for dates of service on or after March 1, 2003. These procedure codes are unlisted services that require review and manual pricing by the State Medical Consultant. A complete description of the
